TO THE TRADE

October 1951

Dear friends,

Have you ever seen the like of it? Sometimes we are tempted to line out for ourselves all the stock we propagate as the market for good finished material continues to grow stronger each succeeding year. Our A.A.N. "Plant America" program deserves much credit for this condition. Are you a member? In unity there is strength and security. Small business must organize to survive.

But finished stock is not our business. We grow liners and good ones for you to grow into dollars. Quality pays big dividends so benefit from our 30 years of experience. Give us your order and rest assured that you will be well satisfied.

Look over our Spring offerings on pages 8 to 12. Save 5% and packing charges, by placing or paying your order before Dec. 31st. It will be our pleasure to serve you.

Yours sincerely,

John Vermeulen

Pete Vermeulen

TERMS
